

Journal assignment#8 Abstract

To **abstract** is to simplify what you see to a few important lines or shapes or colors or words or symbols. It is important to do

because... ...you take away extra information so you can see what is really important about something! **Simplifying** is used by scientists, mathematicians, writers, dancers & artists.

YOU Choose!
Build your own assignment:

observe an animal

1. Draw the animal.

or

2. Draw the main shapes of the animal.

or

3. Draw only the main lines that make you recognize the animal.
